25<sup>th</sup> January, 2002

Mr Bruce Boyes  
SEQ Biodiversity Network  
PO Box 215  
Crows Nest Qld 4355

Dear Bruce

**Congratulations on the success of the 2001 Southern Queensland Biodiversity Recovery Conference!!**

Following glowing reports from those that attended the Conference (including those sponsored by the LCCC) the Management Committee requested a presentation to the January Meeting. The Biodiversity Sub Committee also resolved to congratulate you on such an important conference.

The Committee was impressed by the level of enthusiasm for the conference expressed by the attendees and their breadth of knowledge and awareness of current best management practices and policy direction in biodiversity conservation as a result of their attendance.

The value of the conference as a networking exercise was also high on the lists of accolades.

On behalf of the LCCC and those who attended I would like to congratulate you on a well run and informative conference. Your ongoing commitment to biodiversity conservation is well recognized and appreciated by the LCCC and the many people who have benefited from your energy in this area.

I look forward to promoting the next Southern Queensland Biodiversity Recovery Conference and to progressing the resolutions from proceeding conferences.

Yours sincerely,

Linton Brimblecombe  
President  
LCCC
