Dear Sir

CONTRIBUTION TO FIRE & BIODIVERSITY PROJECT 2000-2002

Logan City Council has, for the past two years, project managed the NHT funded fire and biodiversity project on behalf of the Fire & Biodiversity Consortium. The project is now finalising its requirements under NHT and by all accounts the project has been very successful.

Key outcomes of the project have included:

- Literature review of current knowledge
- Fire Management Guidelines (Ecological Guidelines)
- Individual Property Fire Management Planning Kit
- Strategic Fire Management Manual
- Operational Fire Management Manual
- Fire Monitoring Manual
- Fire and Nature Conservation brochure
- Fire and Bushland Conservation booklet

Logan City Council would like to recognise your contribution to the project over the past two years and thank you for your efforts as a member of the Education and Fire Management Planning Working Groups and look forward to your involvement with the Fire & Biodiversity Consortium in the future.

Yours faithfully

for G R Kellar
CHIEF EXECUTIVE OFFICER
